

# MANKATO CLINIC

## Core Values

At the Mankato Clinic our patients are the focus of everything we do. Our core values support this focus and are a daily reminder to always think of the "**PATIEnt**". (*now and tomorrow*)

**Patient Centered** Patients are at the heart of our work, we will collaborate with our patients and their families to provide compassionate quality care.

**Accountability** We are empowered to make rational decisions and are responsible for the results of our actions.

**Teamwork** We acknowledge everyone contributes unique talents and ideas to achieve our shared mission. We agree to have open, honest communication and collaboration for a mutually respectful relationship with each other and our patients.

**Integrity** Our ethical conduct is the foundation for a trusting relationship with our patients, each other and the communities we serve.

**Excellence** We strive to provide exceptional service through continuous learning, improvement and innovation.
