

Bone Scan Limited

Appointment Date: _____ **Time:** _____

Before the Exam:

- Avoid clothing with metal buckles, snaps, buttons or adornments.
- You will receive an injection of a radioactive material in your vein three hours before the scan.
- The radioactive material will help your bones show up on the scan.
- After the injection, you may leave the clinic.
- Please drink 4-6 cups (8 ounces each) of fluid. You may eat as you normally do.
- If you are experiencing a cough at the time of exam, please bring cough suppressants/drops.
- Tell your provider if you are breastfeeding, pregnant or think you may be pregnant.

During the Exam:

- You will lie on your back on the imaging table.
- Images will be taken of a specific area of your body with a special camera.
- You need to lie still during the images.
- The exam takes about 45 minutes.

After the Exam:

- You may return to your normal activities.
- Your provider's office will contact you with the exam results.
